The PTA program works to develop these competencies in daily classroom activities, during practical examinations and while on their clinical practicums. The program works to find ways to support our community through community service efforts. The students are also encouraged to participate with the Alaska Physical Therapy Association and be informed and engaged members of their profession and work to support their patients through advocacy efforts.

We designed a virtual clinical day for the students. In this assignment, the student is given 7 case studies. They get 1 per hour to complete each "patient," consistent with how a clinical schedule would be set up. Each hour they have to review their case study and then develop a treatement plan for that day with a SOAP note (documentation) stating what was done and how the patient may have responded to the treatment.
